## Woodville is the best place to start.

Want to live independently in a caring and friendly environment? Don't know where to start? Whatever your situation, if you are looking for affordable and well-equipped accommodation and quality supports, **Woodville is the best place to start.**

Supported Living Independent (SIL) Accommodation is an NDIS support service that involves supervision and assistance with daily everyday tasks to help people with disabilities live as independently as possible. At Woodville, we offer this service as part of a shared home environment.

Our West Hoxton property is close to local amenities and services, with experienced staff who can support people with complex needs as well as people who prefer an individual style of living.

Our services include:

- ✓ Assistance with personal care, household needs and medical needs, if needed.

- ✓ We include skill & capacity builders & the support workers which the clients may need during their SIL accommodation-living.
- ✓ Clinical support such as administering medication or the management of specialised conditions

## Experience the difference with Woodville.

Woodville is an established disability service provider in South West Sydney offering a broad range of high-quality services for people with disability. We have been supporting local communities for over 40 years.

Our staff are highly experienced and knowledgeable, who look forward to creating an environment that is homely, respectful, caring, safe, full of privacy and above all, enjoyable to all our clients.

If you are ready to start looking at properties or need help with NDIS funding planning we are more than happy to help.
