

Woodville Strategic Plan 2019-2023

*Together we are
building an
empowered, connected,
fair and inclusive
community in
Western Sydney.*

Our Priorities:

- 1 Growth**
Size and services *We will provide a holistic range of services in CALD and disadvantaged communities in Western Sydney and we will generate a surplus to build our asset base so we can better live out our mission and vision.*
- 2 Clients & Communities**
Individuals, families and communities *The individuals, families and communities we work with are at the heart of what we do.*
- 3 Quality**
Excellence in services *Our clients, families and the communities in which they live are at the heart of our work thus it is vitally important to us that our services are consistently of a high quality.*
- 4 Capability**
Staff and culture *We will embed an empowering, values driven and engaged culture that supports us to take risks, make mistakes, be innovative and try new ways of working.*
- 5 Sustainability**
Finances and impact *We will underpin our long term viability by increasing the efficiency and effectiveness of our systems, such as financial management, business models, IT and the way we organize ourselves to do our work.*

By Way of our Values:

Fairness and Social Justice • Compassion and Empathy • Empowerment • Reconciliation • Cultural Diversity • Valuing and respecting our people
• Sustainability • Highest Quality and Innovation.
